Our Science Support

Examples of successful IN-School days include

- **Girls into Physics can go**
- **Science Success in the Lab**

Our Style of Workshops

- All our materials are based on current Educational Research and use proven methods for raising attainment and improving learning.
- We use role play and carefully designed tasks to make our workshops a lively learning environment.
- We build on sharing good -practice and supplement this with strategies to move a department forwards.
- We develop classroom materials to support our workshops.
- Bespoke workshops and consultations also available.
